Welcome, Midwest City Credit Union members

Oklahoma Federal Credit Union is proud to welcome Midwest City Credit Union Members to the OKFCU family. The existing branch at 3210 Belaire Drive will remain open and to honor the rich history that MWCCU brought with it, is being named the OKFCU–Midwest City Branch.

Welcome events

To welcome MWCCU members, a convert-your-account event was held at the Midwest City Branch on Saturday, June 7. Many members came into the branch and met with existing staff and members of the OKFCU staff. In addition, we will host a Member Appreciation Day to get to know our new members and enjoy refreshments, fun and prizes. Watch for details coming soon.

OKFCU benefits

OKFCU is thrilled to welcome the MWCCU family, the staff, volunteers and members have been so receptive to our new relationship. We look forward to many wonderful things to come. For over sixty-three years, OKFCU has maintained a commitment to providing quality products and services along with professional and personal service to its members. With the merger completed, members have access to 5 branch locations, numerous shared service centers throughout the metro area plus hundreds of surcharge-free ATMs belonging to

our partner ATM Zone and 7 Eleven TransFund networks. Beyond branches and ATMs, members who choose to bank online have access to some of the best online, bill pay and mobile services in the industry. In short, OKFCU is now the most convenient credit union available to our members.

Oklahoma Federal Credit Union is a great alternative to other financial institutions and is extremely strong financially, offering competitive financial products, services and rates, allowing us the opportunity to have plenty of funds to lend to our members. Another benefit that OKFCU offers is same-day approval on loans, along with quick turnaround on loan closings. We provide a friendly and convenient environment with excellent service, and we believe in our motto of “You are not just another member. We are not just another credit union!”

Did you know?

Account security

Every member account is insured for up to \$250,000 by the National Credit Union Administration (NCUA), a U.S. Government Agency. As an added member benefit, an additional \$250,000 of insurance is provided by OKFCU through Excess Share Insurance.

Helping our members

The primary purpose of credit unions is to encourage members to save money. Another purpose is to offer loans to members. Credit unions have traditionally made loans to people of ordinary means. Credit unions can charge lower rates for loans (and pay higher dividends on savings) because they are nonprofit cooperatives. Rather than paying profits to stockholders, credit unions return earnings to members in the form of higher dividends, lower interest rates and improved services.

You are not just another member. We are not just another credit union!
